

Work Package 5

Telling people about what we find out.

EASY READ

We will get together with people who use, run, pay for and provide services.

We will work with them to produce a course for family carers.

We will produce a course for people who work in health and social care.

We will write articles about what we have found out.

We will make resources to help people.

We will write a report about what we find out.

We will make some short films about what we find out.

We will write Easy Read reports of what we find out.

You can read more about the big project project on this link:
